

Annually, the Sacramento County SELPA surveys IEE providers to develop and update a non-exhaustive list of potential IEE providers who indicate they met agency criteria.

Please read this document before obtaining or paying for an IEE. This policy delineates your right to, and limitations regarding, reimbursement. Before obtaining an IEE, please contact the special education administrator to discuss your child’s assessment and related questions and options. The district will not automatically reimburse parents who unilaterally obtain IEEs. Parents may only request one publicly funded IEE for each evaluation completed by the district. A request for an IEE must be made within two years of the date of the district's evaluation report. [IEE Policy](#)
